DETAILED ACTION

Requirement for Information - 37 CFR 1.105

1. Applicant and the assignee of this application are required under 37 CFR 1.105 to provide the following information that the examiner has determined is reasonably necessary to the examination of this application.
2. The Office has found material written by the Applicant that suggests that the significant parts of the claimed invention (side-by side results, keyword searching, displaying labels) were invented and/or on sale more than a year before the filing date (See cited reference to Ching). Also the newly submitted Screenshots demonstrate the majority of the claimed invention as well, although they appear to be incomplete. There is no explicit screenshot outlining a keyword search though it appears clear that the underlined words of Screen 5 were the original search terms. Finally, the cited Screenshots appear to be identical to the exhibit shown to the Examiner during the Interview of 11/4/2004.
3. In response to this requirement, please provide copies of each publication that any of the applicants authored or co-authored and which describe the disclosed subject matter of the cited Screenshots, as well as those that describe the invention analogous to the cited Ching reference.
4. In response to this requirement, please provide the names of any products or services that have incorporated the claimed subject matter.
5. In response to this requirement, please provide the names of any products or services that have incorporated the disclosed prior art of the Screenshots.
6. In response to this requirement, please provide answers to each of the following interrogatories eliciting factual information:

Art Unit: 2179

Was the demonstrated web site (Interview of 11/4/2004) the one depicted in the cited Screenshots?

Is there a keyword search inherent in the cited Screenshots?

7. The fee and certification requirements of 37 CFR 1.97 are waived for those documents submitted in reply to this requirement. This waiver extends only to those documents within the scope of this requirement under 37 CFR 1.105 that are included in the applicant's first complete communication responding to this requirement. Any supplemental replies subsequent to the first communication responding to this requirement and any information disclosures beyond the scope of this requirement under 37 CFR 1.105 are subject to the fee and certification requirements of 37 CFR 1.97.

8. The applicant is reminded that the reply to this requirement must be made with candor and good faith under 37 CFR 1.56. Where the applicant does not have or cannot readily obtain an item of required information, a statement that the item is unknown or cannot be readily obtained may be accepted as a complete reply to the requirement for that item.

9. This requirement is subject to the provisions of 37 CFR 1.134, 1.135 and 1.136 and has a shortened statutory period of 2 months. **EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).**

Art Unit: 2179
